

2017 Certified Workers' Compensation Professional Program

Louisiana Association of
Self Insured Employers

CWCP Program

Four Comprehensive Seminars:

Module I - Principles of Workers' Compensation and
Emerging Issues

Module II - Workers' Compensation Case Management

Module III - Workers' Compensation Medical

Module IV - Workers' Compensation Loss Prevention
and Safety Management

The Voice of the Self Insurance Industry

Certified Workers' Compensation Professional Program

Who Should Attend?

Professionals from all areas of the workers' compensation industry such as, claims handlers, attorneys, physicians, rehabilitation counselors, nurses, and therapists will benefit from this program. It is recommended for people employed by individual employers both insured and self-insured, group self insurance funds, insurance companies, third-party administrators, agents, brokers and state agencies. All workers' compensation professionals will benefit from this comprehensive program by gaining the specialized knowledge and skills required in this field. Attendees should have experience in some area of workers' compensation.

Designation

The Certified Workers' Compensation Professional Program is offered in four modules taught by knowledgeable instructors who are leaders in the field of workers' compensation. Individuals who successfully complete all four modules within a two year period, take part in discussions and exercises, and pass a series of examinations are recognized as Certified Workers' Compensation Professionals. These individuals receive a beautiful CWCP Certificate and are entitled to use the CWCP designation.

Additional Seminar Benefits

- Designed to allow participants to select and receive comprehensive training in a single area of interest should they desire. Upon successful completion of each seminar module, participants will receive a Certificate of Module Completion.
- Take single modules or all four modules of the CWCP program in one week or take single modules over the extended period and limit the amount of time you are away from your office.

Seminar Information

Program Module I—Principles of Workers’ Compensation — 1 day
Consists of Four Modules Module II—Workers’ Compensation Case Management — 2 day
Module III—Workers’ Compensation Medical — 1 day
Module IV—Workers’ Compensation Loss Prevention & Safety Management — 1 day

Fees Fee per person per module:
LASIE Members: \$250 ea.
Non-Members: \$375 ea.
Recertification: \$150 ea.
The fee includes comprehensive take home reference materials. Overnight accommodations and meals are not included in the seminar fee. Fees are due prior to seminar attendance.

Evaluation (Exams) To evaluate their knowledge and proficiency, attendees are required to take examinations. The take-home exams are due one week after the seminar class. Applicants will also be evaluated on their participation during seminar exercises. A Certificate of Module Completion will be given to participants successfully completing each seminar module. Certification is only given to those who attend all four module programs within a two year period and pass all examinations. Individuals will be notified by letter 4-6 weeks after the final seminar and will receive a Certified Workers’ Compensation Certificate.

Seminar Setting Class attendance is limited to allow participants an opportunity to exchange information with other participants as well as with the instructor. When necessary, attendees will form groups to work on exercises and discuss issues. Courses are designed to allow time for individuals to ask questions and get answers.

Recertification Initial certification is for a two-year period. Continuing certification after that requires evidence of continuing education in workers’ compensation related field.

Please Note Dress is business casual. No video or audio recordings will be allowed. Overnight accommodations are not included in the seminar fee. Lunch is on your own 11:30 am-12:30 pm each day. Seminar fees are due prior to attendance. You must remain in class for the duration of instruction to receive credit.

2017 Program Schedule

Participants are allowed to take individual modules or all four modules during each of the sessions offered. All CWCP classes will be held at The Bankers Center located at 5555 Bankers Avenue in Baton Rouge, LA (see p. 13 for map). Registration will begin each day at 8:30 am with classes starting promptly at 9:00 am and ending at 5:00 pm. Attendees must remain in class for the duration each day to receive credit. Lunch is on your own 11:30 am—12:30 pm each seminar day. Coffee, soft drinks and snacks will be provided throughout the day.

Session One

Take individual modules or the complete program

Module I	Principles of Workers' Compensation	Monday May 8, 2017
Module II	Workers' Compensation Case Management	Tuesday & Wednesday May 9-10, 2017
Module II	Workers' Compensation Medical	Thursday May 11, 2017

Session Two

Modules offered over an extended period

Module I	Principles of Workers' Compensation	tbd
Module II	Workers' Compensation Case Management	tbd
Module II	Workers' Compensation Medical	tbd
Module IV	Workers' Compensation Loss Prevention & Safety Management	tbd

The Program

Module I

Principles of Workers' Compensation & Emerging Issues

Module I of the program briefly reviews the history of Workers' Compensation and touches upon other disability/remedy statutes available to employees. It includes the basic principals of workers' compensation laws. This one day session also looks at a standard workers' compensation policy, explains its components and discusses how premiums are determined. Various types of insurance policies are explained along with common terminology used in the industry.

- ▶ History of the Workers' Compensation Law
- ▶ Other Disability / Remedy Statutes
- ▶ Exclusive Remedy
- ▶ Course and Scope
- ▶ Coverage A—Workers' Compensation
- ▶ Coverage B—Employers' Liability
- ▶ Standard Policy Components
 - ▶ Named Insured
 - ▶ Statutory Provisions
 - ▶ Duty to Defend
 - ▶ Declarations Page
- ▶ Premium Calculations
- ▶ Types of Insurance Policies
- ▶ State Funds
- ▶ Common Terminology
- ▶ Loss Data—Elements and Terminology
- ▶ Second Injury Fund
- ▶ Actuarial and Financial Implications
- ▶ Reporting Requirements

Module II

Workers' Compensation Case Management

The course materials and lectures will cover the depth and width of workers' compensation law and will focus on not only the statutory law and court interpretation, but will also deal with the practical application and consequences of the law with an eye toward responsible case management and cost containment. Coverage, various benefit exposures, medical and vocational rehabilitation issues, penalties and attorney's fees, affirmative defenses and subrogation are some of the topics fully discussed in this section of the certification program. Two days of instruction will provide an extremely comprehensive treatment of case management, a full discussion of the applicable law, and a wealth of information regarding the nuts and bolts of the workers' compensation system. Module II, a full two-day comprehensive presentation, is a must for any claims manager, adjuster or other workers' compensation professional seeking a full understanding of compensation law and claims handling.

- ▶ History of the Workers' Compensation Law
- ▶ Initial Post-Accident Considerations
- ▶ Covered Individuals
- ▶ Accidents
- ▶ Occupational Disease Claims
- ▶ Course and Scope
- ▶ Indemnity Benefits Exposures
- ▶ Death Benefits
- ▶ Medical Exposure Management
- ▶ Vocational Rehabilitation and Return to Work
- ▶ Penalties
- ▶ Affirmative Defenses
- ▶ Offsets and Credits
- ▶ Second Injury Fund
- ▶ Subrogation
- ▶ Prescription
- ▶ Disputed Claims Process
- ▶ Related Exposures

Module III

Workers' Compensation Medical

This comprehensive one day medical section covers basic principles of medical injuries commonly seen in Worker's Compensation. The section is designed to teach how to review and understand medical reports, both in terms of type and severity of problems. It covers many of the standard treatment options available to various medical problems.

- ▶ Providers
 - ▶ Type of Providers
 - ▶ Specialties—American Board of Medical Specialties
 - ▶ Board Certification
- ▶ Common Medical Terms
- ▶ Diagnostic Test
 - ▶ MRI
 - ▶ CT Scans
 - ▶ Anthrography
 - ▶ Electrical
- ▶ Common Disorders
- ▶ Skull / Brain
 - ▶ Closed Head Trauma
- ▶ Spinal Column
 - ▶ Treatment of Acute Low Back Pain
 - ▶ Anatomy
 - ▶ Indications for Surgery
 - ▶ Instability
 - ▶ Cervical Pain
- ▶ Major Joints
 - ▶ Shoulder Rotator Cuff
 - ▶ Wrist
 - ▶ Carpal Tunnel Syndrome
 - ▶ Knee
 - ▶ Pain (Meniscus)
 - ▶ Instability (Ligaments)
 - ▶ Degenerative Changes
- ▶ Complex Regional Pain Syndrome (RSD)
 - ▶ Principles
 - ▶ Outcomes

Module IV

Workers' Compensation Loss Prevention & Safety Management

This one day module presentation provides attendees with a comprehensive two-part process to preventing workers' compensation losses and implementing a safety management program to reduce the likelihood of injury and/or illness on the job.

Part One—Loss Prevention

Ten basic elements to aid employers in the prevention of job related injuries and/or illnesses.

- ▶ Hiring Qualified Employees
- ▶ Management of Claims
- ▶ Quick Post-Injury Response
- ▶ Prompt Return-to-Work
- ▶ Proper Documentation
- ▶ Coordination of Medical Care
- ▶ Medical Provider Cost
- ▶ Insurance & TPA Company Relations
- ▶ Employer Safety Goals
- ▶ Performance Goals

Part Two—Safety Management Program

Ten elements required for employers to reach full safety compliance under Louisiana workers' compensation revised statutes.

- ▶ Safety Management
- ▶ Accountability and Responsibility for Safety
- ▶ Safety Inspections and Hazard Assessments
- ▶ Reporting and Investigation of Incidents, Accidents and Near-Misses
- ▶ Safety Meetings & Related Committees
- ▶ Safety Rules and Acceptable Safe Work Practices
- ▶ Safety Education: Line, Supervisory and Administrative Employees
- ▶ Recordkeeping and Information Management Systems
- ▶ Training
- ▶ Emergency Preparedness

The session ends with discussions on the following two topics:

- ▶ Ergonomics
- ▶ Developing A Safety Program

Seminar Instructors

Victor M. Balbuena

Victor M. Balbuena currently serves as the Vice President of Loss Prevention for the Louisiana Restaurant Association Self Insurer's Fund for Worker's Compensation. He has been employed with the LRA SIF for the past eighteen years. Mr. Balbuena has over twenty five years in the insurance industry as a Risk Manager, licensed Property & Casualty Insurance Agent, Safety and Loss Control Consultant and Property Casualty claims expert. He is a Certified Occupational Safety Manager and holds the Associate in Risk Management from the Insurance Institute of America. Mr. Balbuena was part of LASIE's inaugural class receiving his Certified Worker's Compensation Professional designation in 2004. Mr. Balbuena is a current member and past President of the American Society of Safety Engineers (ASSE)-Greater New Orleans Chapter, National Restaurant Association's Risk and Safety Managers Executive Study Group and former trainer for the City of New Orleans Office of Emergency Preparedness.

Jill Leonard

Jill Leonard was promoted to Assistant Vice President of Claims Operations in 2013. She joined LWCC originally in March 1993 as a claims representative, advancing to senior claims representative and then later to rehabilitation services coordinator. She transitioned to her current role via Operations Manager and then Director of Operations for the Claims Department. In 2013, she was named Assistant Vice Present of Claims Operations leading the Occupational Medicine and Claims Operations units. Occupational Medicine includes LWCC's Occupational Medicine Network (OMNET), Medical Services, as well as oversight of Utilization Review and the Pharmacy Benefits Management program. The Claims Operations unit includes Claims Intake, SIU, Training and Compliance, Medical Bill Review and management of the multi-state claims program. Previous experience includes work as a vocational rehabilitation counselor, Director of Claims and Litigation for the Louisiana Restaurant Association, and most recently in state government as the Director of the Louisiana Second Injury Board. Ms. Breard earned a B. S. in Mathematics and Psychology from Louisiana State University in Baton Rouge and as well as a Master of Education (M. Ed.) in Community Counseling from Southeastern Louisiana University. She maintains her status as a Licensed Vocational Rehabilitation Counselor. In addition, Ms. Breard serves as an instructor for the Louisiana Association of Self Insured Employers (LASIE) CWCP program. Ms. Breard has also served on several OWC task force groups in the areas of EDI (electronic data interchange), electronic medical billing, fraud, and fee schedule updates.

Wayne J. Fontana

Wayne J. Fontana, CWCP, has served as legal consultant to Governors Treen, Roemer and Foster; and, for two decades, has drafted numerous legislative bills, testified before the Louisiana legislature on behalf of business interests and the aforementioned governors, and lobbied and helped pass all major workers' compensation reforms since 1983. He has served on the Advisory Council for the Office of Workers' Compensation and is a member of the LASIE Advisory

Council. He is also very involved with the State Chamber, the Louisiana Association of Business and Industry, serving on its Board of Directors and Executive Committee and chairing numerous committees, councils and task forces devoted to workers' compensation and tort reform.

David M. Noland

David is the Senior Risk Manager at the Recreation and Park Commission for the Parish of East Baton Rouge (BREC), headquartered in Baton Rouge, LA. He is responsible for enterprise risk management, occupational safety, health, environmental compliance, public safety, fleet safety, general and auto liability, and emergency preparedness. David joined BREC in April 2014 after serving at Amedisys, Inc., for 7 years as the Corporate Safety Manager for over 17,000 health care employees. His career included a wide cross section of applications and implementations with prior work in industrial manufacturing and insurance. He has in excess of 35 years in management capacities, focusing on quality, safety, and risk management the last twenty years. He remains a very active speaker, with numerous presentation and workshop opportunities at both national and regional safety and leadership conferences. Some of the main topics include Behavior-Based Safety, Human Factors, Effective Communication, Safety Management Systems, Ergonomics, Leader-Based Safety, and Loss Control Technologies. David is a Certified Occupational Safety Specialist, and holds the Certified Workers' Compensation Professional designation. David is an active member of the American Society of Safety Engineers (ASSE), serving as President of the Greater Baton Rouge Chapter in 2012, and currently a National Delegate. He also served on ASSE's Healthcare Practice Specialty national advisory group and was one of three members to launch the sponsorship of the Health & Wellness Branch in 2011. In addition he is a member of the Risk Management/ Insurance Practice Specialty and the Management Practice Specialty groups. David currently serves on the LA Association of Self-Insured Employers executive board as Secretary/Treasurer. He co-authored the current Safety Management and Loss Control sections for LASIE's certified certification curriculum and is a CWCP Module IV Course Instructor. David completed a degree at Columbia Southern University in Occupational Health and Safety and holds ASSE's Certificate in Safety Management.

Dr. James A. Poché, Jr.

Dr. Poché graduated from Louisiana State University in 1962 and Louisiana State University School of Medicine in 1966, interned at U.S. Public Health Service, 1966-1969, in Baltimore, MD and Carville, LA., received residency training in neurological surgery at LSU School of Medicine, 1969-1974 and received his Certification by the American Board of Neurological Surgery in 1978. He is a member of Alpha Omega Alpha Medical Honors Fraternity. Dr. Poché has received recent continuing education in Managed Care from AANS, Medicine in Transition, AMA, Lumbar Interbody Fusion, Spine Tech, Reimbursement Update, AANS, Lumbar Endoscopic Disc Surgery, Danek, Intradiscal Electrothermal Therapy, Oratec, and Stealth Guidance System.

Richard L. Seelman

Richard L. Seelman, (Member) born Olney, Illinois, July 25, 1958; admitted to bar, 1983,

Illinois; 1985, Alabama and U.S. District Court, Southern District of Alabama; 1986, Louisiana; 1987, U.S. Court of Appeals, Eleventh Circuit; 1990, U.S. District Court, Eastern District of Louisiana and U.S. Court of Appeals, Fifth Circuit; 1993, U.S. District Court, Middle District of Louisiana; 2000, U.S. District Court, Western District of Louisiana and U.S. Supreme Court; 2001, U.S. District Court, Middle District of Alabama. Education: Yale University (B.A., 1980); Marshall-Wythe School of Law, College of William and Mary (J.D., 1983); Tulane University (LL.M., Admiralty, 1984). Phi Alpha Delta. Member: Illinois State and Louisiana State Bar Associations; Alabama State Bar; Louisiana Association of Defense Counsel. Practice Areas: Admiralty and Maritime Law; Workers Compensation; Casualty Insurance; Insurance Defense.

Keith Thibodeaux

Keith has worked in the construction industry for 35 years managing safety programs. He has worked in health, safety, and environment fields for over 25 years. Keith is a member of the American Society of Engineers, Associated Builders and Contractors Safety Committee, and the Greater Baton Rouge Industrial Manger Association Safety Committee. While serving on several committees throughout the Gulf South, he aids in developing and implementing safety training for employees. Keith holds numerous health and safety professional certifications; including Advanced Safety and Training Management for Petrochemical/Offshore (PEC/Premier) and the Certified Workers' Compensation Professional Program, as well as years of experience as an instructor for the American Red Cross and OSHA 500. Keith has been the Corporate Director of Safety and Risk Management at Performance Contractors, Inc. since 2004. In 2010, he was promoted to Risk Manager and his various responsibilities include managing the 5,000 employees in their self-insured workers' compensation program throughout the U.S.; creating all OSHA, EPA, MSHA and DOL reports; developing and revising health, safety, and environmental manuals; and developing and instrumenting health, safety, and environment policies in regard to state and federal agencies, clients, and company standards.

Since the fall of 2003 when the program began, over 800 individuals representing numerous companies have successfully completed the program to become Certified Workers' Compensation Professionals:
